Introduction

The names, dates, and other information in this book were taken from cemetery tombstone inscriptions. Only in a very few cases were written cemetery records consulted, and it will be noted if the cemetery readings were cross referenced with any other written record.

All cemeteries were read beginning from the southeast corner and numbered south to north.

As in any project of this type, where many names and dates are copied, there is a chance of error. However all inscriptions were read and recorded with great care and to the very best ability of the recorder. They were typed with the same concern for accuracy.

The help of everyone who has been involved with this project has been greatly appreciated by the cemetery committee and the Henry County Genealogical Society. A lot of time and effort on the part of members, their friends, and spouses has made this book possible.

Courthouse records and various county history books were used as reference for information about townships and cemeteries.

The county and township maps were reproduced from maps obtained from the Henry County Board of Commissioners. The cemetery maps were copied for us by the employees in the Recorder's Office at the Henry County Courthouse.

These cemetery maps were done by The Works Project Administration (W.P.A.) and co-sponsored by the American Legion, Department of Ohio - State of Ohio in 1940.

According to the World Book Encyclopedia "The Works Progress Administration was founded in 1935 to provide work for needy persons on public-work projects."

Napoleon Township

Napoleon Township was organized in 1835 soon after the organization of Henry County. The township has fertile soil with the Maumee River running through the southeast corner.

Defiance County lies to the west with Freedom Township to the north, Harrison to the east and Flatrock directly to the south.

Napoleon, which became the county seat in 1835, is located in this township. The present court house was completed in 1882. It was preceded by other structures which were destroyed by fires.

The other village in the township is Okolona, originally named Oakland. Another settlement was Bostelman's Corners which is west of Napoleon. It has also been called Dogtown and Half-Way House.

Cemeteries in Napoleon Township are Bremer, Brey, County Home, Gilson (Union Chapel), Glenwood, St. Augustine's, St. Paul, and Zion.

St. Augustine's Catholic Cemetery

Township: Napoleon

Location: State Route 108 1 mile S of Napoleon

Description: In sections C and D in this cemetery the graves are not in direct rows but are in plots. This made the reading and keeping in order difficult, so the grave markers in those sections are recorded by rows of plots with each grave numbered. These lot numbers do not correspond with the numbers on the cemetery map or church records but begin in the southeast corner of the section and read south to north as do all our readings. In sections E and F the rows run east and west but the recording still begins in the southeast corner of the section. Information from church records and other information not engraved on the markers, such as military or organizational markers, is enclosed in brackets ( ). On the pages of veterans buried here the lot numbers correspond with the numbers on the cemetery map.

Recorded: Aug 1989

Final Reading: Oct 1990

Re-surveyed: Summer 2013
